FAMILY CENTERS

OPENING DOORS

2026 ANNUAL REPORT

Annual Letter

FROM OUR CEO AND CHAIR

FAMILY CENTERS'

Team

This year, more than 27,000 people relied on Family Centers for health care, education, and human services. Thanks to the generosity of our donors, foundations, community partners, and volunteers, we continued to build our financial resilience while delivering outstanding outcomes across our programs. The pages that follow highlight the many ways your support is helping children succeed, adults thrive, and families build stronger futures throughout lower Fairfield County.

Every day, people come to Family Centers for many different reasons—a doctor's appointment, preschool, or support during a difficult time in their lives. Whatever initially brings them through our doors, we've long known it's rarely their only need. That first interaction often becomes the beginning of a broader relationship as people turn to other Family Centers services to meet a range of needs. This is at the heart of who we are and how we serve our community.

During this year's strategic planning process, we challenged ourselves to think about how Family Centers can continue to meet the evolving needs of the people we serve in the years ahead. Our strategic plan charts the path forward:

- Strengthening the connections across our programs so individuals and families can more easily access the full range of services they need.
- Expanding awareness of Family Centers so more people understand the breadth of our work and know where to turn for support.
- Investing in the people and infrastructure that will support our organization for generations to come.

We hope this report leaves you with a deeper understanding of the lives being changed every day at Family Centers—and confidence in what we can accomplish together. Thank you for your continued partnership and for investing in healthier children, stronger families, and a more vibrant Fairfield County.

About Family Centers

Since 1891, Family Centers has grown and evolved to meet the changing needs of lower Fairfield County. Today, our work spans health care, education, and human services for people of all ages. At the core of our work is a simple idea:

A connection to Family Centers is more than a single service. It's an entry into a community of resources, support, and opportunities.

OUR 2025 TO 2026

Award Winners

HELEN GRATZ ROCKEFELLER OUTSTANDING VOLUNTEERISM AWARD

Kate Clark

Family Centers' highest volunteer honor, this award recognizes Board members whose exceptional leadership and service have made a lasting impact.

Kate Clark has been a steadfast leader and advocate for Family Centers for well over a decade. Over the years, Kate has co-chaired benefits, opened her home for Family Centers events, and helped recruit new Board members. After joining the board in 2015, she stepped into her role as Board Chair in 2022. In addition to leading the CEO search, Kate extended her term as Board Chair providing continuity and support to Louis Josephson as he stepped into his new role. Throughout, Kate has earned the deep respect of staff and fellow Board members for her care, wisdom, and thoughtful guidance.

ANNE FIRESTONE BALL FAMILY CHAMPION AWARD

Alex Velaj

Named in honor of longtime Family Centers board leader, volunteer, and philanthropist Anne Firestone Ball, this award recognizes individuals whose leadership, dedication, and service have made a meaningful impact on our community.

Alex Velaj's commitment to Family Centers' Literacy Volunteers program has helped expand learning opportunities for parents and their children, providing books, educational materials, and enriching experiences that strengthen English language skills and bring families together. Alex is also personally involved, attending events and bringing ideas to the program, including a family trip to the Stamford Museum & Nature Center's Planetarium & Astronomy Center for an immersive learning experience.

SHAWN M. LANG AIDS WARRIOR AWARD

Debra Katz

Named in honor of pioneering Connecticut AIDS advocate Shawn M. Lang, this award recognizes community members who demonstrate extraordinary commitment, courage, and advocacy in the fight against HIV/AIDS.

Debra Katz was the first AIDS Program Coordinator for the City of Stamford, an early predecessor to what would become Family Centers CARES. She led the creation of a nonprofit and served on the original Board of Directors, offering emergency financial assistance and eventually case management to people living with HIV in greater Stamford. She went on to serve 25 years overseeing HIV/HCV prevention services, providing innovative programming, and introducing initiatives that changed the course of HIV locally.

OUR IMPACT

Local Impact. National Recognition.

Expanding Access to High-Quality Health Care

Family Centers' Health Center reached more people than ever in 2025, serving 5,577 patients — a 47% increase over the previous year. Even as the number of patients grew, the Health Center earned national recognition for the quality, access, and value of its care.

The Health Resources and Services Administration (HRSA) awarded Family Centers five Health Center Quality Recognition and Compliance badges based on 2025 performance. Most notably, Family Centers was named a Health Center Quality Leader, earning the Bronze designation for high-quality patient outcomes. Only 9.3% of health centers nationwide received the distinction.

Family Centers also earned recognition for Improving Health Care Access and High-Value Care — badges received by just 19.1% and 15.4% of health centers nationwide, respectively — as well as recognition for its use of health information technology to support quality care.

Only 9% of health centers nationwide received the Health Center Quality Leader distinction.

Strengthening Support for Families from Pregnancy Through Early Childhood

Family Centers' Parents as Teachers program earned two major honors from the Parents as Teachers National Center, recognizing both the program's innovative approach and the work of one of its parent educators.

The program earned the Losos Prize for Innovation, the highest honor Parents as Teachers gives to its affiliates, for its Perinatal Continuum of Care Model. The model connects families with bilingual doulas, a bilingual nurse based at Stamford Hospital, and ongoing home visiting support. Since its implementation, prenatal enrollment has doubled.

In addition, Family Centers' bilingual parent educator and doula Jesica Alarcon was named a Parent Educator of the Year. She was recognized for helping families overcome language barriers and access vital resources through culturally responsive support, including her work with families experiencing intimate partner violence or depression.

Parents as Teachers earned both the Losos Prize for Innovation and Parent Educator of the Year.

ALE'S STORY:

From Student to Teacher

When We Met Ale

Ale was working as a cashier at Dunkin' Donuts when she joined Family Centers' Literacy Volunteers program to strengthen her English.

How Family Centers Helped

Ale continued studying with Literacy Volunteers, earning her Child Development Associate (CDA) credential through its English + Workforce Training program.

We also connected Ale to other Family Centers programs for her family:

- Parents as Teachers — In-home support from pregnancy through kindergarten
- Family First in Education — Education and family support program
- Literacy Volunteers' Family Literacy — English classes for parents with activities for their children.

Today

Ale first came to Family Centers as a student and is now a teacher herself, working as a Lead Teacher at our Warburg Early Childhood Center. Her family continues to use Family Centers services as well: one of her children attends our Gateway Preschool and another just started at Warburg.

ALE'S FAMILY CENTERS JOURNEY:

Helping Families Access Upgraded Homes

More than 65 households at Oak Park, an affordable housing community operated by Charter Oak Communities, moved out of aging, post-WWII housing and returned six months later to modern, updated homes. Family Centers played a critical role throughout the process. Resident Service Coordinator Xavier Bennett worked one-on-one with each household and served as the liaison with property management, helping residents navigate the many logistical and administrative requirements involved in leaving — and ultimately returning home.

Reaching Her Goals

"I had no idea that reaching out to the Parents as Teachers program would change the trajectory of my life for the better. Jen supported me not only as a mom, but as an individual. I was encouraged to work toward my goals and reminded of my self-worth. Now, I feel such a strong sense of pride being able to support families who, in many ways, look just like mine."

Helping Families Navigate

"Thanks to the Resident Services Coordinator (RSC) provided by Family Centers at my Charter Oak Community, my daughters were accepted into the Horizons education program. The RSC guided us through the entire process, from application to eligibility and without that support, my family wouldn't have had access to this incredible opportunity. Now, my girls have a path from 2nd grade through college. We're truly grateful."

Finding a Job with Stability and Flexibility

"Getting this job helped me become stable. I now have money to pay my bills and the flexibility to be with my son. Because of my work hours, I'm able to drop him off and pick him up from school."

Building a Healthier Future for Her Family

When We Met Antana

She was pregnant with twins, had recently left her partner, and was staying with her mother in a one-bedroom apartment with her two sons, ages 2 and 11. Well into her third trimester, she had received limited prenatal care.

How Family Centers Helped

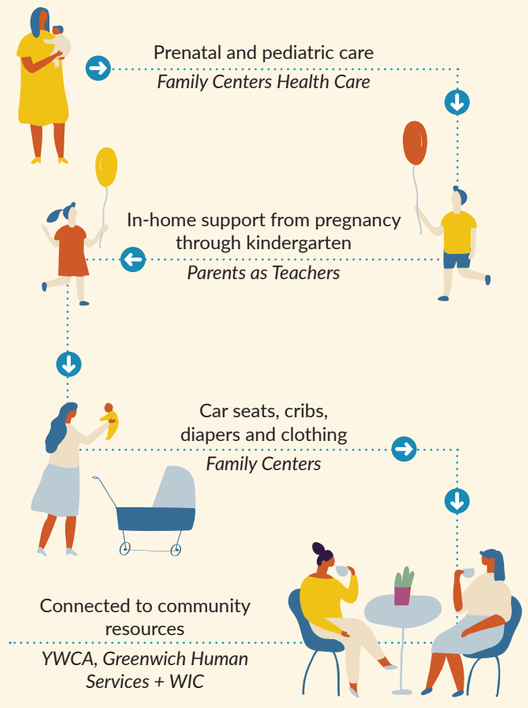

Referred to Family Centers by Greenwich Hospital, Antana enrolled in Family Centers Health Care for prenatal care and pediatric care for her children. Our team also connected her with:

- Parents as Teachers — in-home support from pregnancy through kindergarten
- Essential items — car seats, cribs, diapers, and clothing
- Community resources — YWCA, Greenwich Department of Human Services, and WIC benefits

Today

Antana and her children are living in their own home in Stamford and continue to receive health care at Family Centers.

ANTANA'S FAMILY CENTERS JOURNEY:

Expanding Access to Dental Care

The Mark Family Dental Health Center expanded this spring from one dental chair to three, increasing capacity to meet the growing demand for dental care in lower Fairfield County. One of the few dental providers in Greenwich that accepts HUSKY Health, the Center's expansion was made possible by principal donors Arlene and Reuben Mark and federal and community partners.

A Dentist Who Puts You at Ease

"Dr. Winhoffer was wonderful! ... He was kind, funny, caring, and incredibly gentle throughout the entire visit."
